Mrs. William Campbell returned this morning to her home in Northfield, after spending a few days with friends in the city.

Mrs. Abbie D. Stone, grand matron of the O. E. S., left this morning for Woodstock to attend the annual meeting of district No. 3.

Antonio Gasparello of the firm of Gasparello Bros. went last night to Randolph to remain with friends during the hunting season.

Mrs. Herbert C. Cady and Mrs. J. H. Jenkins of Northfield were among the out of town shoppers in the city yesterday and to-day.

Camillo Fabricotti left the city last evening for New York, where he will visit friends for a few days before going to Atlanta, Ga., to spend the winter.

Mrs. David N. Farrand and Miss Mary A. Canning of the Miles block returned this morning from Boston, where they have been making a visit of several days.

Mrs. N. S. Parker of Montgomery, who was called to Montpelier by the illness of her son, Robert Parker, a student at Montpelier seminary, was a visitor in the city to-day.

N. Lewis Schriver of Cambridge, Mass., arrived in the city this morning to spend several days in the Barre granite belt in the interests of the Swedish Iron & Steel Co. of Brooklyn, N. Y.

Mr. and Mrs. John Sassi of North Main street and Mr. and Mrs. Egedio Rullo of Glenwood avenue went this morning to Worcester, where they will remain at the Sassi farm during the hunting season.

Bear in mind the entertainment at the Congregational vestry at 7:45 to-night. In addition to the session of the city meeting, Miss Russell will play a piano solo, Miss Robertson will sing, and Helen Roscoe will recite "Mother's on the Jury."

As Spaulding has a football game with U. V. M. sophomores Saturday at Lincoln campus the Goddard management have arranged for their Saturday's game to be played in Winooki instead of the seminary's campus as was not to conflict.

The Spaulding management as yet has not heard of any challenge from any other high school to a game of football for the state championship of the high school.

Edward Morris of Lawrence, Mass., an itinerant laborer, was arraigned before Judge H. W. Scott in city court this forenoon on an intoxication charge, to which he entered a plea of guilty.

The magistrate imposed a \$5 fine with additional costs of \$5.80, but the respondent chose the alternative sentence of 10 days in the county jail at Montpelier.

Mrs. Morris was arrested on Depot square Tuesday afternoon by Chief Sinclair.

Miss Eugenia Atkinson of Calgary, Alberta, arrived in the city last evening, having been summoned here by the illness and death of her sister, Mrs. Abbie Edwards, of the east hill, who passed away Sunday. Miss Atkinson started for Vermont from Calgary on receipt of news that her sister was ill. She did not hear of her death until her arrival in Barre. Funeral services for Mrs. Edwards will be held at the house to-morrow afternoon at 1 o'clock and interment will be in Elmwood cemetery. Rev. E. F. Newell of the Holding Methodist church will be the officiating clergyman.

A number of Barre people who are accustomed to spend the winters abroad have finally decided on sailing this year, although the outbreak of the European war in August caused many temporarily to change their minds about risking an ocean trip in the face of what seemed like a good deal of peril to trans-Atlantic vessels. That confidence in the British fleet has returned, however, is shown by the fact that a local shipping agency has booked a large number of 11th hour emigrants to Scotland and Italy. Around 20 people will leave Barre for sailing points before the end of November, according to bookings made with the transportation agencies here.

When it comes to seeing things when you haven't got a gun a Washington farmer who came into the city this morning with a load of produce appeared in the role of one having authority to speak. Near the top of Washington heights hardly an hour after the first peep of day he sighted two deer, a buck and a doe. The farmer glimpsed the pair as they were descending a steep slope by the roadside. In the distance he could see the tracks of the animals in the snow. Once they had gained the highway the deer kept together along the road for a distance of perhaps 10 rods. In view of the fact that he set out from home for purposes of trading and not to hunt, the farmer had nothing more formidable in the way of weapons on his person than a jackknife, and so it happened that he had to watch the deer wander out of sight without so much as a single shot fired. Farther down the road he informed two hunters of what he had seen.

The snowstorm of this morning caused at least one accident in the automobile line. George Devitt, a clerk in T. J. Smith's meat market, was coming down Brook street in a Ford automobile, preparing to turn up North Seminary street. At the same time the Barre Steam Laundry automobile was heading up Seminary street, coming from North Main.

Neither automobile was going at a very fast rate and on account of a horse on the corner the drivers did not see each other until they were at very close range. Seeing no way out of it but to get ahead at the last moment, Mr. Devitt let on full power and just missed the laundry automobile but banged in the curbing just as he threw off the power and got on the brakes. He would probably have struck the car of the laundry if he had not done so.

TO GIVE RIGHT FOR A CORNICE

street for a street light in their locality was referred to the lighting committee, and the same committee, reporting during the evening, recommended that a 40 c. p. light be installed on Farwell street, pursuant to a request of citizens in that neighborhood. The light was authorized. Reporting verbally, Alderman Keefe commented favorably on the improvement in sanitary conditions along the river.

F. H. Dewart, a Burlington surveyor, requested that the city pay him \$6.50 for time lost when the city decided not to retain him as an arbitrator in the proposed Perry street resurvey. On the motion of Alderman Keest the bill was ordered paid.

Some Financial Doings. Overseer W. F. Shepard's poor department report for October was accepted and ordered filed. During the month the overseer received \$550 for the support of the poor; \$14.50 as rebates from various sources and \$1 on account of an error in a grocery bill. The sum of \$569.59 was paid out for charitable purposes.

The following warrants were approved for payment: \$346.70, election payroll; \$240.57, street department payroll, street sprinkling, surface sewer and sewer and sidewalk accounts; \$66.88, water department payroll; \$85.43, fire department payroll; \$94.34, police department payroll; \$12, Frank F. Walker, services as janitor at city hall.

PRIMARY BILL GOES OVER

There Is Little Prospect of Immediate Legislation—No Time in Next Session

Washington, Nov. 11.—President Wilson does not expect a presidential primary law to be passed during the next session of Congress and some Democratic leaders do not believe one can be enacted to be effective in 1916. In his message to Congress last December, the president urged that such a law be passed immediately, and expressed hope that there would be a general agreement to it. He is known to still favor primary law, but investigation has impressed on him the difficulties of the technical details. The chief difficulty encountered by the president has been that of fixing a date for the presidential primaries. Primaries now are held on different dates in the states, and the question has been whether the legislatures can change the state primary dates before 1916. Separate state and national primaries, he has been told, would prove very expensive.

The president has not yet begun work on his next message to Congress, but it is considered doubtful whether he will mention the presidential primary question. He is expected to dwell on the necessity for economy in appropriations and to urge the passage of the Philippine bill, the Alexander ship purchase bill, and several remaining conservation measures. Presidential primaries, rural credits, railway securities and other questions are expected to be left over because of the brief duration of the session. The president now has no intention of calling an extra session after March 4. The general expectation of Democratic leaders provided for in a number of states will play an important part in the 1916 campaign, but that the final choice of the party nominees will be made again at conventions. The administration was indorsed at several Democratic state conventions prior to the congressional elections, and the friends of the president are already at work with his renomination in mind.

You are sure to be pleased with the entertainment the Congregational ladies will give this evening. At the same time you will have an excellent opportunity to do Christmas shopping.

A Good Time to Change

If you have been using a mixture of cream of tartar and soda for quick baking you will find it profitable, because of the increasingly high price of cream of tartar, to use Royal Baking Powder instead.

It will pay you to do this because the price of Royal, which is made from highly refined cream of tartar, has not been changed, and because you will find it in every way more satisfactory than the use of home-made mixtures to which you have been accustomed. Royal Baking Powder is famous for its absolute purity and its reliability as a quick raising agent.
